ADVANTAGES

Built in flush to the wall and without projections

It works perfectly on brick or plasterboard ("Pladur" type) partition walls.

Easy reopening and closing without wall damage

Very useful as its magnetic closure allows reopening the box without flaking the walls and having to repaint them.

The new **IMANBOX** box can be placed on both brick and plasterboard ("Pladur" type) walls

Firmer and safer closure

Screwed inner lid.

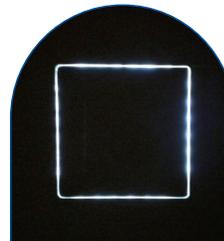

Shorter placement time

In plasterboard ("Pladur" type) walls.

Double lid system with magnetic closure

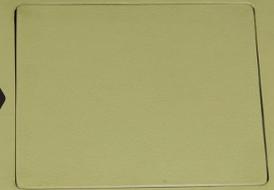

Prevents bulging and dirt coming out.

New possibilities

Customize with light inside

Easy reopening and placement

BECAUSE THAT IS NOT NORMAL...

DEFECTS OF TRADITIONAL BOXES

...WHAT IS NORMAL IS THAT IT ALWAYS REMAINS WELL.

Cracks on paint

Slits

Dirt

Full of wires

Bulging

Deformation

Broken clips

Breaks
